April 6, 1999

Commissioner:

Please amend the above-referenced application as follows:

In the Claims:

Cancel claims 31-50.

Add the following new claims 51-60.

51. A method of navigating about a data base of television
program listings, the method comprising the steps of:
storing in electronic memory television program listings
for a plurality of channels in a channel listing;
displaying on a monitor screen some of the television
program listings in a guide format of time and channel; and
arranging the plurality of channels in the channel
listings in a preferred order to match viewer interest. --
